TriStar Vet Launches New Website

(Boyd, Texas) June 10, 2011 – TriStar Vet, the leader in stainless steel veterinary equipment, unveiled their newly redesigned website. The new site, www.tristarvet.com, provides enhanced navigation, direct access to our products and improved searching.

“Our website was designed with the customer in mind. We wanted it designed by area so products would be found quickly and easily. We also wanted to add a search feature for those clients who know exactly what they’re looking for,” said Wendy Biondolillo, Vice President of Marketing and Sales. “our focus continues to be on our customer.”

About TriStar Metals

For more than 10 years, TriStar Vet continues to show its dedication to the animal care industry and animal health professionals as we have brought innovative animal care products to market. TriStar is located in Boyd, Texas and we are proud to say that all of our stainless steel products are made in the USA.

As experts in the business, our commitment to providing the animal health industry durable, high quality, innovative products continues to be our main focus in 2011. Our quality control and field testing begins with our customers. Our staff is dedicated to solving your needs, whether you are looking to update your facility or build a new one, we want to be your stainless steel equipment partner. TriStar Vet can provide inspiration and solutions for any budget with products that are built to last.

Our products are proof that we continue to set new standards and develop new features with you in mind. From our designers to our production staff we take pride in providing products of the highest quality. Almost everything we manufacture can be tailor-made to fit the dimensions for your existing or new facility. That's because TriStar customizes each order to our client's specifications, and our National Sanitation Foundation rating, ensures our clinical equipment meets the same sanitation requirements found in human hospitals. When you invest in a TriStar product, you are getting the highest quality available in the industry today. Our customer inspired stainless steel equipment is the TriStar difference. We look forward to serving you.
